Dear Mr Weisberg,

Thank you for your kind note to me regarding my having sent you the article on Jack Tunheim from The Reader of Minneapolis. I am gratified to provide anything of help or interest to you, who have given the country a great deal through your diligence and care in researching and writing about JFK's assassination.

I am happy to say I do have Case Open and was very pleased to read your words. I very much look forward to Never Again!

I will indeed be happy to contact Gary Schoener for you and pass along your words and wishes.

Happy Birthday and L'chaim!

David Melbye
